a. Staff Comment

Director of Finance Lehnhardt stated that the draft 2026 annual budget was made available to the public November 3rd and the Council held a budget workshop November 10th.

Director of Finance Lehnhardt stated that the draft 2026 budget upholds the City's goal of providing high-quality essential services. He highlighted the \$45 million in capital investment, \$21.2 million of which funds the police station remodel and the replacement of Fire Station #39. The revenue to cover these projects comes from a General Obligation (G.O.) Bond, which has an annual debt service of \$1.9 million. To provide revenue for the debt service, there will be a 3% increase in the property tax levy, a .25% increase to the local sales tax, and an increase in the natural gas use utility tax to \$0.05 per therm. Overall, the revenue increases results in the General Fund meeting its goal of having 40% in fund balance.

Besides the facilities projects, 2026 capital investments also include \$5.6 million for roadway improvements, \$4.9 million for sanitary sewer improvements, \$2.8 million for water improvements, and \$2.3 million for sidewalks.

For the 2026 budget, General Fund revenues equal General Fund expenditures; both revenues and expenditures are projected to \$58.2 million. The General Fund's revenues come from taxes, including sales tax, and charges for services. The General Fund's expenditures pay for, among other items, personal services, benefits, and contracts related to the functions of public safety, general government, and public works. In total, for all funds, there is \$160.8 million projected for revenues and \$153.1 million projected for expenditures.

b. Public Comment

Councilman Brown moved and Councilwoman Bray-Parker seconded that R-2025-100, A Resolution Authorizing the Execution of Agreement No. 582 with MacQueen Equipment LLC for the Purchase of One (1) Replacement Fire Ladder Truck for a Total Amount Not to Exceed \$2,284,000, be adopted.

City Manager Dzugan reported the City was presented with an opportunity to purchase a demo 2024 Pierce 100-foot mid-mount tower truck. He explained, due to the strong resale value of the City's current rear-mount tower truck, purchasing the demo mid-mount truck is financially advantageous compared to proceeding with the previously ordered 2028 rear-mount truck. He stated the net cost of the demo truck is \$1,624,700 after the sale of the current truck for \$670,000. He further noted that the fleet replacement fund has approximately \$1.5 million set aside for the tower truck replacement by the end of 2025, leaving a shortfall of approximately \$120,000, which can be covered by the fund. He added that completing the purchase in 2025 will require a budget amendment, which is included on the agenda.

Chief Brill explained that the mid-mount tower truck provides improved maneuverability, allowing it to be used more effectively in tighter areas. He detailed the truck provides access to areas both below grade and above grade and offers significant operational advantages due to its setup design. He noted the truck can be fully set up by one firefighter in less than 30 seconds, reducing required manpower and allowing other firefighters to perform additional tasks. He noted the truck's design uses only two external outriggers instead of four, increasing its ability to operate in high-traffic or heavily parked areas.

Chief Brill reported the truck is equipped with cameras that allow the driver to position the vehicle between parked cars without exiting the cab. He highlighted that once parked, the power takeoff can be activated and the truck set up using a remote control by a single firefighter, saving time and improving efficiency, particularly in downtown areas.

He addressed prior concerns with mid-mount ladder trucks, specifically the long rear overhang and associated safety risks, and explained that Pierce Manufacturing resolved this issue with an innovative ladder design introduced after 2022 that collapses to nearly the same length as the City's current truck. He stated the truck includes rear-steer technology derived from Oshkosh military designs, resulting in improved maneuverability. Overall, he stated the truck is more usable, safer, and operates more like a fire engine, making it well suited for critical areas such as the downtown.

In response to Mayor Suess, Chief Brill confirmed the City's current tower truck is nearly nine years old, having been purchased in 2017. Mayor Suess expressed support for the purchase noting replacement of the City's current tower truck would be received sooner than anticipated and would be an improved product.

MEMORANDUM

TO: The Honorable Mayor and City Council
FROM: Joseph E. Tebrugge, Director of Engineering
DATE: January 5, 2026
SUBJECT: **517 N Wheaton Avenue: Sidewalk Easement**

Request

Adopt a resolution accepting a Sidewalk Easement at 517 N Wheaton Avenue.

Background

During reconstruction of the private residence at 517 N Wheaton Avenue the public sidewalk was removed and replaced. The new sidewalk was mistakenly placed by the owner of 517 N Wheaton Avenue partially on their property and not in the public right of way. The owner of the subject property has presented a Sidewalk Easement along the west two feet of their property so the sidewalk does not have to be removed and replaced in the correct location.

Recommendation

A resolution accepting the Sidewalk Easement is attached for your consideration. City staff recommends adoption of the resolution as submitted.

P.I.N. 05-16-116-001

MEMORANDUM

TO: The Honorable Mayor and City Council

FROM: Robert R. Lehnhardt, Director of Finance/Treasurer

DATE: January 5, 2026

SUBJECT: Home Rule (Local) Sales Tax Ordinance – First Reading

Request

City Council consideration of an ordinance amending Articles XIII and XIV of Chapter 66 (Taxation) of the code of ordinances of the City of Wheaton to increase the Home Rule Retailers' Occupation Tax and Home Rule Service Occupation Tax ("Home Rule Sales Tax") from 1.00% to 1.25%, effective July 1, 2026.

Background

At the January 27, 2025 Planning Session, staff presented the Facilities Condition Assessment Report, which highlighted notable concerns with three (3) key facilities: the Police Station, Fire Station #39, and the Public Works Garage. Since this meeting, staff and the City Council have held discussions on financing the costs of a Police Station Remodel (\$11.2 million) and new Fire Station #39 (\$10.0 million). The 2026 Budget includes preliminary project and financing costs for these projects through a \$21.9 million general obligation bond issuance and increased revenues from the property tax levy (\$0.6 million), local sales tax (\$0.8 million), and natural gas use utility tax (\$0.5 million) to fund the annual debt service on the bonds.

Home Rule (Local) Sales Tax Information

The Home Rule (Local) Sales Tax is imposed upon all persons engaged in the business of selling tangible personal property, other than an item of tangible personal property titled or registered, with an agency of the State of Illinois. The tax is also imposed upon all persons engaged in the City in the business of making sales of service of the selling price of all tangible personal property transferred by such serviceman, either in the form of tangible personal property or in the form of real estate, as an incident to a sale of service.

The Home Rule (Local) Sales Tax does not apply to the sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food that has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

The State of Illinois Department of Revenue administers and collects the tax, including an administration fee of 1.5% of the amount collected.

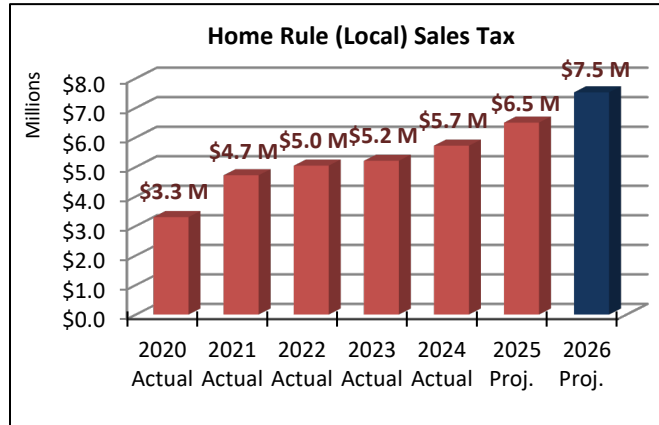

WHEATON MAYOR PHILIP J. SUESS

CITY MANAGER MICHAEL DZUGAN

CITY COUNCIL: ERICA BRAY-PARKER | LEAH BRICE | SCOTT BROWN | BRADLEY CLOUSING | LYNN ROBBINS | SCOTT WELLER

The City first implemented the Home Rule (Local) Sales Tax rate at 0.50% on July 1, 2004 and increased it to 1.00% on January 1, 2009. The chart on the right shows actual revenues for the past five (5) years and projections for 2025 and 2026.

Staff is recommending increasing the Home Rule (Local) Sales Tax rate from 1.00% to 1.25%, effective July 1, 2026. The 0.25% rate increase is estimated to generate an additional \$0.8 million in 2026.

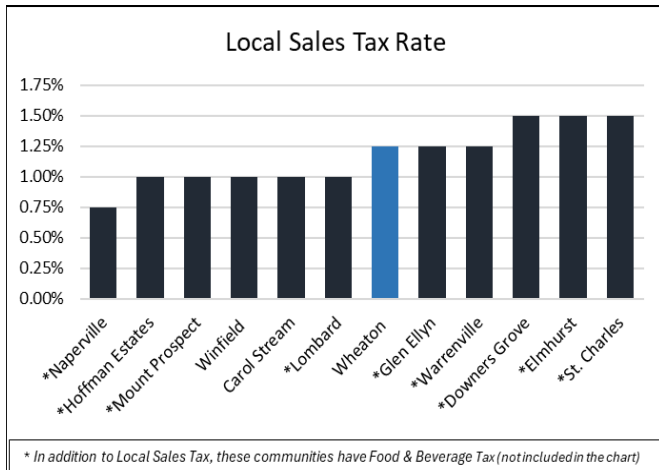

Comparisons to Other Communities

The following chart provides the Local Sales Tax rates (home rule and non-home rule) for communities that were used in the City's 2023 benchmark study and other surrounding communities. Local Sales Tax rates range from 0.75% to 1.50%.

Consumer Impact

Research indicates that non-residents contribute between 25% and 40% of sales tax revenue. An increase of 0.25% in the Home Rule (Local) Sales Tax rate would result in consumers paying an additional \$0.25 for every \$100 spent.

Recommendation

Attached for your consideration is an ordinance amending Articles XIII and XIV of Chapter 66 (Taxation) of the code of ordinances of the City of Wheaton to increase the Home Rule Retailers' Occupation Tax and Home Rule Service Occupation Tax ("Home Rule Sales Tax") from 1.00% to 1.25%, effective July 1, 2026.

This item is on the agenda for a first reading, with the final adoption scheduled for the City Council Meeting on January 20, 2026.

MEMORANDUM

TO: The Honorable Mayor and City Council

FROM: Robert R. Lehnhardt, Director of Finance/Treasurer

DATE: January 5, 2026

SUBJECT: **Municipal Gas Use Tax Ordinance – First Reading**

Request

City Council consideration of an ordinance amending certain sections of Article XI (Municipal Gas Use Tax), Chapter 66 (Taxation) of the code of ordinances of the City of Wheaton.

Executive Summary

The ordinance includes the following proposed changes:

- **Section 66-292 Tax.** Changes the municipal gas use tax rate to \$0.05 per therm, with an effective date of March 1, 2026.
- **Section 66-293 Collection of gas use tax.** Adds the City Manager to enter into a contract for the collection of the municipal gas use tax.

Background

At the January 27, 2025 Planning Session, staff presented the Facilities Condition Assessment Report, which highlighted notable concerns with three (3) key facilities: the Police Station, Fire Station #39, and the Public Works Garage. Since this meeting, staff and the City Council have held discussions on financing the costs of a Police Station Remodel (\$11.2 million) and new Fire Station #39 (\$10.0 million). The 2026 Budget includes preliminary project and financing costs for these projects through a \$21.9 million general obligation bond issuance and increased revenues from the property tax levy (\$0.6 million), local sales tax (\$0.8 million), and natural gas use utility tax (\$0.5 million) to fund the annual debt service on the bonds.

Natural Gas Use Utility Tax Information

The Natural Gas Use Utility Tax is imposed on the use of natural gas. The tax can be structured as a percentage of a customer's gross receipts or at a specific rate per therm of gas used. Nicor Gas administers and collects the tax, including an administration fee of 3% of the amount collected.

WHEATON MAYOR PHILIP J. SUESS

CITY MANAGER MICHAEL DZUGAN

CITY COUNCIL: ERICA BRAY-PARKER | LEAH BRICE | SCOTT BROWN | BRADLEY CLOUSING | LYNN ROBBINS | SCOTT WELLER

In 2002, the City’s rate was \$0.02 per therm and increased to \$0.03 per therm in 2010. On average from 2020 to 2024, the City collects \$785,870 annually from the natural gas use utility tax. The chart on the right shows actual revenues for the past five (5) years and projections for 2025 and 2026.

Staff is recommending increasing the rate by \$0.02 from \$0.03 per therm to \$0.05 per therm, effective March 1, 2026. The \$0.02 rate increase is estimated to generate an additional \$0.5 million in 2026. The \$0.05 per therm rate would be the maximum rate allowable under State statute.

Comparisons to Other Communities

The chart on the right provides the natural gas use utility tax rates for communities that were used in the City’s 2023 benchmark study and other surrounding communities. Natural gas use utility tax rates range from \$0.0147 to \$0.05 per therm or 3.0% to 5% of gross receipts.

Municipality	Rate
Mount Prospect	\$ 0.0147
Downers Grove	\$ 0.0150
Elmhurst	\$ 0.0150
Glen Ellyn	\$ 0.0200
Carol Stream	\$ 0.0250
Warrenville	3.0%
Hoffman Estates	\$ 0.0500
Wheaton	\$ 0.0500
Lombard	5.0%
Naperville	5.0%
Winfield	5.0%

Customer Impact

The impact on a customer’s monthly gas bill will vary based on a number of variables, such as square footage of homes, home-heating preferences, efficiency of furnaces and water heaters to name a few. Staff compiled gas bills from some employees, and the annual therms used ranged from 828 to 1,227. The average Illinois household uses 1,068 therms of natural gas annually. At an additional \$0.02 per therm, a household would pay an additional \$1.78 per month or \$21.36 annually.

Recommendation

Attached for your consideration is an ordinance amending certain sections of Article XI (Municipal Gas Use Tax), Chapter 66 (Taxation) of the code of ordinances of the City of Wheaton. In addition, the City Attorney worked with Nicor Gas in drafting a new Municipal Gas Use Tax Collection Agreement (“Collection Agreement”) with Nicor Gas. The Collection Agreement sets forth the terms and conditions of Nicor Gas collecting and remitting the natural gas use utility tax on behalf of the City.

This item is on the agenda for a first reading, with the final adoption scheduled for the City Council Meeting on January 20, 2026.

ORDINANCE NO. O-2026-

**AN ORDINANCE AMENDING CERTAIN SECTIONS OF ARTICLE XI (MUNICIPAL GAS USE TAX),
CHAPTER 66 (TAXATION) OF THE CODE OF ORDINANCES OF THE CITY OF WHEATON**

WHEREAS, the City of Wheaton ("City") is an Illinois Home Rule Municipality pursuant to provisions of Article VII, Section 6 of the Illinois Constitution, and as such the City may exercise any power and perform any function pertaining to its government and affairs, including taxation; and

WHEREAS, the subject matter of this ordinance pertains to the government and affairs of the City and its residents; and

WHEREAS, in furtherance of its home rule powers, it is necessary and desirable for the City to amend its ordinances regarding taxation by increasing the municipal gas use tax rate.

NOW, THEREFORE, BE IT ORDAINED by the Mayor and City Council of the City of Wheaton, Illinois by its home rule authority, that the Wheaton City Code is hereby amended to provide as follows:

SECTION 1: That Section 66-292 (Tax) of Chapter 66 (Taxation), Article XI (Municipal Use Gas Tax), is hereby amended as follows:

Sec. 66-292. - Tax.

- (a) Except as otherwise provided by this article, a tax is imposed on the privilege of using or consuming gas in the city that is purchased in a sale at retail at the rate of ~~\$0.03~~ \$0.05 per therm.
- (b) The ultimate incidence of and liability for payment of the tax is on the retail purchaser, and nothing in this article shall be construed to impose a tax on the occupation of distributing, supplying, furnishing, selling or transporting gas.
- (c) The retail purchaser shall pay the tax, measured by therms of gas delivered to the retail purchaser's premises, to the public utility designated to collect the tax pursuant to section 66-293 on or before the payment due date of the public utility's bill first reflecting the tax, or directly to the city ~~clerk~~ on or before the 15th day of the second month following the month in which the gas is delivered to the retail purchaser if no public utility had been designated to collect the tax pursuant to said section 66-293 or if the gas is delivered by a person other than a public utility so designated.
- (d) Nothing in this article shall be construed to impose a tax upon any person, business or activity which, under the Constitutions of the United States or State of Illinois, may not be made the subject of taxation by the city.
- (e) A person who purchases gas for resale and, therefore, does not pay the tax imposed by this article with respect to the use or consumption of the gas but who later uses or consumes part or all of the gas, shall pay the tax directly to the city ~~clerk~~ on or before the 15th day of the second month following the month in which the gas is used or consumed.
- (f) The tax shall apply to gas for which the delivery to the retail purchaser is billed by a public utility on or after March 1, 2026 ~~May 1, 2010~~.

- (g) If it shall appear that an amount of tax has been paid which was not due under the provisions of this article, whether as a result of mistake of fact or an error of law, then such amount shall be (i) credited against any tax due, or to become due, under this article from the taxpayer who made the erroneous payment or (ii) subject to a refund if no such tax is due or to become due; provided that no amounts erroneously paid more than three years prior to the filing of a claim therefor shall be so credited or refunded.

SECTION 2: That Section 66-293 (Collection of gas use tax) of Chapter 66 (Taxation), Article XI (Municipal Use Gas Tax), is hereby amended as follows:

Sec. 66-293. Collection of gas use tax.

The city manager or director of finance is authorized to enter into a contract for collection of the tax imposed by this article with any public utility providing gas service in the city. The contract shall include and substantially conform with the following provisions:

- (1) The public utility will collect the tax from retail purchasers as an independent contractor;
- (2) The public utility will remit collected taxes to the city ~~clerk~~ no more often than once each month;
- (3) The public utility will be entitled to withhold from tax collections a service fee equal to three percent of the amounts collected and timely remitted to the city ~~clerk~~;
- (4) The public utility shall not be responsible to the city for any tax not actually collected from a retail purchaser; and
- (5) Such additional terms as the parties may agree upon.

(Code 1996, § 66-293; Ord. No. F-1477, § 2, 3-15-2010)

Editor's note(s)—Ord. No. F-1477, § 2, repealed the former § 66-293 and enacted a new § 66-293 as set out herein. The former § 66-293 pertained to similar subject matter and derived from Ord. No. F-0756, § 2, adopted Sept. 3, 2002.

Note(s)—For the purpose of this ordinance, the terms "retail purchaser" and "public utility" have the same meaning as in section 66-291 of the Wheaton City Code, as amended.

SECTION 3: In all other respects, the terms and provisions of the Wheaton City Code are ratified and remain in full force and effect.

SECTION 4: All ordinances or parts of ordinances in conflict with these provisions are hereby repealed.

SECTION 5: In the event that any section, clause, provision, or part of this ordinance shall be found and determined to be invalid by a court of competent jurisdiction, all valid parts that are severable from the invalid parts shall remain in full force and effect.

SECTION 6: This ordinance shall become effective from and after its passage, approval, and publication in pamphlet form in the manner prescribed by law, and shall apply to any amounts billed on or after March 1, 2026; provided, however, that any amounts due or payable for any tax periods ending prior to March 1, 2026 are nevertheless to remain payable as if this Ordinance had not been adopted.

MEMORANDUM

TO: The Honorable Mayor and City Council

FROM: James P. Kozik, AICP, Director of Planning and Economic Development

DATE: January 5, 2026

SUBJECT: **An Ordinance Repealing Portions of Ordinance No. E-3987 Regarding a Planned Unit Development For 50 E. Loop Road and a Resolution Entering Into a Watermain Easement Agreement**

Request

City Council approval of an Ordinance repealing portions of a Planned Unit Development Ordinance and Subdivision Improvement Agreement and approval of a Resolution entering into a Watermain Easement Agreement.

Background

On May 2, 1994, the City Council approved Ordinance No. E-3987, which rezoned the property at 50 East Loop Road (Subject Property) and granted a Special Use Permit for a Planned Unit Development to allow the development of the property as an Outback Steakhouse restaurant. In furtherance of the development of the restaurant, on June 27, 1994, the City and Outback also entered into a Planned Development Subdivision Improvement Agreement. Ordinance No. E-3987 also contained a provision that the special use permit, conditions, restrictions and requirements constituted a declaration of restrictive covenants and shall bind all successors, assigns and grantees.

Proposal

A new owner/developer is planning to redevelop the Subject Property into a nursery school. According to the Wheaton Zoning Ordinance, issuance of a Special Use Permit and Planned Unit Development approval are no longer necessary for this redevelopment. Furthermore, several conditions of the existing Special Use Permit and Planned Development Subdivision Improvement Agreement are not relevant to the new development on the Subject Property. Consequently, the new owner/developer wishes to remove these conditions from the property title. In addition, when performing research on this matter, Staff discovered a City-owned watermain located along the south property line of the Subject Property was not located entirely within a utility easement.

The City Attorney has drafted an Ordinance that repeals the no longer relevant provisions of Ordinance No. E-3987 and the Planned Development Subdivision Improvement Agreement and a Resolution, entering into a Watermain Easement Agreement which would place the existing watermain fully within a utility easement.

Recommendation

Staff recommends approval of the attached Ordinance and Resolution.
