Councilwoman Robbins moved and Councilwoman Brice seconded that R-2026-07, A Resolution Authorizing the Execution of Agreement No. 592 with CCS International, Inc. to Provide Independent Cost Estimation and Value Engineering Services for a Total Amount Not to Exceed \$129,859.20, be adopted.

City Manager Dzugan stated that as the City proceeds with designing the Police Station renovations and a replacement Fire Station, staff recommend that the Council authorize an agreement with CCS International, Inc. for independent cost estimating and value engineering services to help evaluate design elements. He confirmed that the City had previously benefited from using this firm during both the Downtown Streetscape and Library projects. He mentioned there is a possibility that the City might not need the cost estimating services after the development phase, which will be assessed at that time. He also reported that these costs can be reimbursed by bond proceeds expected from a sale planned for the fourth quarter of 2026.

**10. Pass Ordinance O-2026-04, An Ordinance Authorizing the Acquisition Through Negotiation, or if Negotiations are Unsuccessful or Cannot be Completed, by Eminent Domain, of Certain Property in the Streams Subdivision for Public Purposes by the City of Wheaton (East Lake in Streams Subdivision – 8.373 Acres, P.I.N. 05-19-409-043)**

Councilwoman Brice moved and Councilman Clousing seconded that O-2026-04, An Ordinance Authorizing the Acquisition Through Negotiation, or if Negotiations are Unsuccessful or Cannot be Completed, by Eminent Domain, of Certain Property in the Streams Subdivision for Public Purposes by the City of Wheaton (East Lake in Streams Subdivision – 8.373 Acres, P.I.N. 05-19-409-043), be passed.

City Manager Dzugan indicated that the memorandum from the City Attorney requests the Council's authorization to proceed with eminent domain for two parcels in the Streams Subdivision, specifically the East Lake and Alpine Century parcels. He confirmed that the City has been unable to identify the owners of these parcels, making eminent domain the only viable option for the City to gain ownership. He noted this acquisition is crucial for achieving the City's long-term objective of converting the bodies of water back into a channel. He confirmed this agenda item pertains to the East Lake property, while the following item addresses the Alpine Century property.

Councilwoman Robbins thanked City Attorney Didier for her work.

In response to Mayor Suess, City Attorney Didier hopes to finalize the property ownership in 2026.

Submitted for Approval: February 2, 2026

**MEMORANDUM**

**TO:** The Honorable Mayor and City Council  
**FROM:** Sean Walsh, Asst. Director of Public Works  
**DATE:** February 2, 2026  
**SUBJECT:** **Recommendation for the award of Spoils Hauling Services**

**Request**

Approve the resolution for the award of Spoils Hauling Services for the City of Wheaton Public Works Department.

**Background**

The City of Wheaton Public Works Department utilizes trucking services for the hauling and disposal of spoils (excavated materials) generated from various utility repair and maintenance projects.

**Scope of Work**

The Contractor is required to provide all personnel and appropriate equipment to pick up dirt and/or spoils from City of Wheaton Public Works yard located at 820 W. Liberty Dr., Wheaton, Illinois, 60187 and transport to Bluff City Materials located at 1245 Gifford Road, Elgin, Illinois 60120. Hauling will be on an as needed basis and pick up shall be within 48 hours of truck orders.

**Procurement Results**

The City received three (3) bids from the following vendors:

<b>VENDOR</b>	<b>SEMI HAULING HOURLY RATE</b>
Utility Transport Service, Inc.	\$138.99 / Hour
Sorrelli Trucking, Inc.	\$145.00 / Hour
Dynasty Logistics Solutions, LLC	\$145.00 / Hour

**Procurement Review**

Procurement staff reviewed the bid from Utility Transport Service, Inc. for conformity with the City's terms and conditions. Utility Transport Service, Inc. is compliant with the bid requirements.

**Budget Impact**

Public Works has budgeted \$100,000 across the Water, Sanitary Sewer, and Storm Sewer Funds for CY 2026.

**Recommendation**

Staff recommends that the City Council adopt the resolution authorizing the execution of Agreement No. 594 with Utility Transport Service, Inc. for Spoils Hauling Services for a total amount not to exceed \$100,000. This agreement is effective for one (1) year, with the City's option to extend for two (2)

additional one-year terms if Utility Transport Service, Inc. agrees to the same pricing, terms, and conditions of the original agreement.

The agreement, bid package and responses are on file in the City Clerk's office and available for review.

**RESOLUTION R-2026-**

**A RESOLUTION AUTHORIZING THE EXECUTION OF AGREEMENT NO. 594 WITH  
UTILITY TRANSPORT SERVICE, INC. FOR SPOILS HAULING SERVICES  
FOR A TOTAL AMOUNT NOT TO EXCEED \$100,000**

**WHEREAS**, the City of Wheaton, Illinois, ("City") is an Illinois home rule municipality pursuant to the provisions of Article VII, Section 6, of the Illinois Constitution of 1970; and as such the City may exercise any power and perform any function pertaining to its government and affairs; and

**WHEREAS**, the City solicited an Invitation to Bid package (ITB Number 26-04) for the purchase of Spoils Hauling Services and Utility Transport Service, Inc. was determined to be the lowest, responsive, responsible bidder with a bid amount of \$138.99/Hour; and

**WHEREAS**, the City budgeted \$100,000 across the Water, Sanitary Sewer, and Storm Sewer Funds for CY 2026 for Spoils Hauling Services; and

**WHEREAS**, both parties agree to the terms and conditions set forth in the Invitation to Bid package and the agreement contained in the City's bid package for Spoils Hauling Services; and

**WHEREAS**, the corporate authorities of the City of Wheaton, DuPage County, Illinois find it reasonable and appropriate to enter into an agreement with Utility Transport Service, Inc. located at 2300 West 167<sup>th</sup> Street, Markham, Illinois 60428 for Spoils Hauling Services for a one (1) year term with the option to extend for two (2) additional one-year terms for an amount not to exceed \$100,000.

**NOW, THEREFORE, BE IT RESOLVED** by the Mayor and City Council of the City of Wheaton, Illinois, that the Mayor is hereby authorized to execute, and the City Clerk is hereby directed to attest to City of Wheaton Agreement No. 594 with Utility Transport Service, Inc. for Spoils Hauling Services; and that a copy of that certain Agreement No. 594 is on file with the City Clerk's office and is incorporated herein as if fully set forth as Exhibit A.

**ADOPTED** this 2<sup>nd</sup> day of February 2026.

**ORDINANCE NO. O-2026-**

**AN ORDINANCE GRANTING A REZONING AND A SPECIAL USE PERMIT TO ALLOW OFF-STREET PARKING ON A SEPARATE LOT WITHIN 300 FEET OF THE BUILDING OR USE SERVED ON PROPERTY COMMONLY KNOWN AS 119 - 125 E. FRONT STREET – CFXN PROPERTIES, LLC**

**WHEREAS**, written application has been made requesting a rezoning from the C-2 Retail Core Business District to the C-4 CBD Perimeter Commercial District and issuance of a special use permit to allow off-street parking on a separate lot within 300 feet of the building or use served, all on property commonly known as 119 - 125 E. Front Street, Wheaton, Illinois 60187; and

**WHEREAS**, pursuant to notice as required by the Illinois Municipal Code and the Wheaton Zoning Ordinance, a public hearing was conducted by the Wheaton City Council, sitting as a hearing body, on January 26, 2026 to consider the rezoning and special use permit; and

**WHEREAS**, with respect to rezoning the property from the C-2 Retail Core Business District to the C-4 CBD Perimeter Commercial District, the City Council, based on the entire public record, as well as the City Council's knowledge of the history of the City and the subject property, makes the following findings of fact and draws the following legislative conclusions:

For the rezoning factors commonly known as the "LaSalle Factors," the City Council concludes that:

- A. The proposed rezoning is compatible with zoning of nearby property as the properties to the north, south, and east of the Subject Property are zoned C-4.
- B. A rezoning of the Subject Property to the C-4 CBD Perimeter Commercial District will not diminish adjacent property values.
- C. The size, configuration, and limited feasibility for modern retail makes the Subject Property no longer suitable for the zoned purpose strictly as a retail building.
- D. The Subject Property has remained vacant for more than three years despite active marketing.
- E. The proposed rezoning satisfies the Land Use Policy of the Comprehensive Plan as it promotes the redevelopment in the downtown area; and

**WHEREAS**, the Illinois Supreme Court has determined no single factor is controlling in determining rezoning under the LaSalle Factors. *LaSalle National Bank vs. Cook County*, 12 Ill.2d 40, 145 N.E.2d 65 (1957); and

**WHEREAS**, with respect to the special use permit request to allow off-street parking on a separate lot within 300 feet of the building or use served, the City Council, based on the entire public record, as well as the City Council's knowledge of the history of the City and the subject property, makes the following findings of fact and draws the following legislative conclusions:

- A. The proposed parking area serves the buildings it supports, promotes efficient use of existing land, minimizes demand for on-street parking, and is consistent with the

intent of the C-4 CBD Perimeter Commercial District by supporting shared parking and the functional needs of downtown commercial development.

- B. The proposed special use maintains an established parking use and enhances and improves the condition, organization, and capacity of the parking area.

**NOW, THEREFORE, BE IT ORDAINED** by the City Council of the City of Wheaton, DuPage County, Illinois, pursuant to its home rule powers, as follows:

**Section 1:** The foregoing recitals are incorporated herein as if fully set forth as substantive provisions, factual and legislative findings and representing the intent of this ordinance.

**Section 2:** Pursuant to the findings of fact made and determined by the Wheaton City Council with respect to the LaSalle Factors, the Zoning Map which is attached to and forms a part of the Wheaton Zoning Ordinance is amended by removing the Subject Property described below from the C-2 Retail Core Business District and rezoning it to the C-4 CBD Perimeter Commercial District and adding it to the Zoning Map as part of the C-4 CBD Perimeter Commercial District and a special use permit to allow off-street parking on a separate lot within 300 feet of the building or use served is hereby granted in full compliance with the following plans: "Wheaton Hardware - A CFXN Multi-Use Development, 119 – 125 E. Front Street, Wheaton, IL, Pages 1-31 (Phase 1 Only) , prepared by CFXN, LLC."

**MEMORANDUM**

**TO:** The Honorable Mayor and City Council  
**FROM:** Tracy L. Jones, AICP, Staff Planner *TJ*  
**DATE:** February 2, 2026  
**SUBJECT:** ZA #26-01/ Rear Yard Setback Variation/ 87 Somerset Circle/ Nowakowski

**Request**

Consideration of a rear yard setback variation to allow the construction and use of a new deck, all on property commonly known as 87 Somerset Circle.

**Planning and Zoning Board Recommendation**

On Tuesday, January 13, 2026, the Planning and Zoning Board held a public hearing on this application and recommended approval of the variation request, with a 6-1 vote, as presented.

The dissenting Board Member did not provide a reason for voting against the request.

**Background**

The subject property is an interior lot in the Loretto Club Subdivision. The property, which is pie-shaped, is improved with a single-family residence and an existing pressure treated deck. Due to the lot's pie-shaped configuration, the house and the existing deck are both constructed at an angle to the rear property line. To create more useable low-maintenance outdoor space, the applicant desires to replace the existing pressure treated deck with a slightly larger composite deck.

**Rear Yard Setback Variation**

The applicant is requesting a variation to Article 3.4A.6 of the Wheaton Zoning Ordinance to allow the construction and use of a new deck with a rear yard setback of 23.1 feet in lieu of the required 25.0 feet. The southern portion of the deck is shown with a setback of 23.1 feet, and the northern portion of the deck is shown with a setback of 23.75 feet. On the site plan, the stairs are shown with a setback of 22.5 feet, however these are allowed to encroach into the required setback. Since the new deck will be constructed parallel to the house, it will be constructed at an angle to the rear property line. The applicant has already designed the deck with angled corners to minimize the variation request as much as possible. Only a very small percentage of the deck is encroaching into the required setback (please see the red shaded areas on the site plan for reference).

Besides the requested rear yard setback variation, the remainder of the deck is fully code compliant with the bulk regulations of Article 14.2 of the Wheaton Zoning Ordinance.

**Administrative Variation**

This request meets the threshold for an administrative variation per the requirements of Article 5.7A of the Wheaton Zoning Ordinance. The applicant initially pursued this option, but since one of her

WHEATON MAYOR PHILIP J. SUESS

CITY MANAGER MICHAEL DZUGAN

CITY COUNCIL: ERICA BRAY-PARKER | LEAH BRICE | SCOTT BROWN | BRADLEY CLOUSING | LYNN ROBBINS | SCOTT WELLER

adjacent neighbors was unwilling to sign off on the request, she was left with three options: make the new deck code compliant, seek a non-administrative variation, or forgo the project. After considering her options, the applicant decided to pursue a non-administrative variation.

**Staff Recommendation**

Given that the lot is pie-shaped, the proposed deck will be constructed parallel to the house, and that only a very small percentage of the deck is encroaching into the required setback (please see the red shaded areas on the site plan for reference), staff would recommend approval of the request as presented.

**REPORT OF THE WHEATON PLANNING & ZONING BOARD  
TO THE  
MAYOR OF WHEATON AND CITY COUNCIL**

**ZA #26-01/ Rear Yard Setback Variation/ 87 Somerset Circle/ Nowakowski**

Pursuant to notice duly published on December 23, 2025, and letters mailed to neighboring property owners on December 21, 2025, Chair Aranas called to order the January 13, 2026 public hearing requesting a variation to Article 3.4A.6 of the Wheaton Zoning Ordinance to allow the construction and use of a new deck with a rear yard setback of 23.1 feet in lieu of the required 25.0 feet, all on property commonly known as 87 Somerset Circle.

Comments from Linas Sadauskas at 829 Deerpath Court, stating his objection to the variation, were received and incorporated into the record.

Tamara Nowakowski, 87 Somerset Circle, Wheaton was sworn in. Ms. Nowakowski stated that she is the property owner and that her lot is an interior lot in the Loretto Club Subdivision. The subject property, which is pie-shaped, is improved with a single-family residence and an existing pressure treated deck. Due to the lot's pie-shaped configuration, the house and the existing deck are both constructed at an angle to the rear property line. To create more useable low-maintenance outdoor space, she desires to replace the existing pressure treated deck with a larger composite deck.

Ms. Nowakowski stated that she is requesting a variation to Article 3.4A.6 of the Wheaton Zoning Ordinance to allow the construction and use of a new deck with a rear yard setback of 23.1 feet in lieu of the required 25.0 feet, all on property commonly known as 87 Somerset Circle. On the site plan, the stairs are shown with a setback of 22.5 feet, however these are allowed to encroach into the required setback. The southern portion of the deck is shown with a setback of 23.1 feet, and the northern portion of the deck is shown with a setback of 23.75 feet. Since the new deck is proposed on an angle to the rear property line, only a small percentage of the deck is encroaching into the required setback.

Staff Planner Jones stated that besides the requested rear yard setback variation, the new deck is fully code compliant with the bulk regulations of Article 14.2 of the Wheaton Zoning Ordinance. She confirmed that the stairs were allowed to encroach into the setback.

Ms. Nowakowski stated that this request meets the threshold for an administrative variation per the requirements of Article 5.7A of the Wheaton Zoning Ordinance. She initially pursued this option, but since one of her adjacent neighbors was unwilling to sign off on the request, she was left with three options: make the new deck code compliant, seek a non-administrative variation, or forgo the project. After considering her options, the applicant decided to pursue a non-administrative variation.

Dalia Garunas-Sadauskas, 829 Deerpath Court, Wheaton was sworn in. Ms. Garunas-Sadauskas stated that she objects to the variation. She further stated that she owns the property behind 87 Somerset Circle and that if the variation was approved it would impact her view, privacy, and property value. She added that a grill placed on the deck could also worsen her existing health issues. She stated that landscaping had been removed from the berm between the two houses, and she submitted pictures for reference.

Vince Pizzoferrato, 87 Somerset Circle, Wheaton was sworn in. Mr. Pizzoferrato stated that he is the property owner and that the existing screening that was removed from the berm was either dead or an invasive species. He added that they may add additional screening on the berm in the future, but they do not have a timeframe for these improvements.

Peter Karaholios, 921 Deerpath Court, Wheaton was sworn in. Mr. Karaholios stated that he objects to the variation. He further stated that he owns a pie-shaped lot and granting the variation would set a precedent for approving future zoning applications for other property owners in the Loretto Club subdivision.

Mr. Plunkett moved and then Mr. Dabovich seconded the motion to close the public hearing. On a voice vote, all voted aye.

Mr. Dabovich moved and then Mr. Blume second the motion to waive their regular rules and vote tonight. On a voice vote, all voted aye.

### **Recommendation**

Mr. Plunkett moved and then Mr. Dabovich seconded the motion to recommend approval of ZA # 26-01, requesting a variation to Article 3.4A.6 of the Wheaton Zoning Ordinance to allow the construction and use of a new deck with a rear yard setback of 23.1 feet in lieu of the required 25.0 feet.

Ayes:	Nicole Aranas Ben Blume Chris Dabovich Bob Gudmundson Cecilia Horejs Mark Plunkett
Nays:	Philip Spittler
Absent:	None
	<u>Motion Passed</u>

Nicole Aranas, Chair  
Wheaton Planning and Zoning Board

### **Findings of Fact**

1. The Board finds that the proposed site plan conforms to all applicable City regulations except for the variation granted by the City Council; and
2. The Board finds that practical difficulties prevent compliance with the strict application of the regulation of the zoning ordinance, and a particular hardship would result from compliance with the strict application of the requirements of the zoning ordinance; and
3. The Board finds that the variation will not alter the essential character of the area or neighborhood.

To City Council:

Regarding the public hearing on Tues Jan 13, 2026 to the Wheaton Planning and Zoning Board on zoning application #26-01 on property 87 Somerset Circle, we respectfully believe that the applicants have not demonstrated that the variation evidence standards have been met according to Article 5.7 of the Wheaton Zoning Ordinance.

For example, we believe that the variance requested will be enhancing the monetary value of their property while diminishing ours. creating a nuisance, creating a hardship for neighbors like us to enjoy our property.

We respectfully request your objectively reviewing the Wheaton Planning and Zoning Board's recommendation.

Sincerely,

Linas and Dalia Sadauskas

## 1/13 Wheaton Planning and Zoning Board Meeting Comment

From Michelle Mayer <mmayer@wheaton.il.us>

Date Tue 1/13/2026 5:08 PM

To Tracy Jones <TJones@wheaton.il.us>

Hi Tracy,

Linas Sadauskas at 829 Deerpath Court called in opposition of the rear set back. Linas said the rear set back impacts his yard as the elevation is higher. The picture is not reflective of the elevation. There is a number of trees along the property line and many have been cut down. He feels it would have a big impact on him as the neighbor. He is asking to maintain the current regulations. His wife will be there tonight too.

Wheaton Planning and Zoning Board  
303 West Wesley Street  
Wheaton, IL 60187

RE: ZA #26-01/ Rear Yard Setback Variation/ 87 Somerset Circle/ Nowakowski

Dear Members of the Board:

Attached to this memorandum is an application requesting a variation to Article 3.4A.6 of the Wheaton Zoning Ordinance to allow the construction and use of a new deck with a rear yard setback of 23.1 feet in lieu of the required 25.0 feet, all on property commonly known as 87 Somerset Circle.

The application has been submitted by the property owner, Tamara Nowakowski, 87 Somerset Circle, Wheaton, IL 60189.

**ZONING ANALYSIS**

Proposal: An application requesting a variation to Article 3.4A.6 of the Wheaton Zoning Ordinance to allow the construction and use of a new deck with a rear yard setback of 23.1 feet in lieu of the required 25.0 feet, all on property commonly known as 87 Somerset Circle.

The application has been submitted by the property owner, Tamara Nowakowski, 87 Somerset Circle, Wheaton, IL 60189.

Applicant: Tamara Nowakowski, 87 Somerset Circle, Wheaton, IL 60189.

Subject Property: 87 Somerset Circle, Wheaton, IL 60189

Zoning Classification: I-1 Institutional District

Surrounding Conditions: North: Single Family Residences/ I-1 Institutional District  
East: Single Family Residences/ I-1 Institutional District  
South: Single Family Residences/ I-1 Institutional District  
West: Single Family Residences/ R-3 Residential District

WHEATON MAYOR PHILIP J. SUESS

CITY MANAGER MICHAEL DZUGAN

CITY COUNCIL: ERICA BRAY-PARKER | LEAH BRICE | SCOTT BROWN | BRADLEY CLOUSING | LYNN ROBBINS | SCOTT WELLER

## **PLANNING DEPARTMENT COMMENTS**

### **Background**

The subject property is an interior lot in the Loretto Club Subdivision. The property, which is pie-shaped, is improved with a single-family residence and an existing pressure treated deck. Due to the lot's pie-shaped configuration, the house and the existing deck are both constructed at an angle to the rear property line. To create more useable low-maintenance outdoor space, the applicant desires to replace the existing pressure treated deck with a larger composite deck.

### **Rear Yard Setback Variation**

The applicant is requesting a variation to Article 3.4A.6 of the Wheaton Zoning Ordinance to allow the construction and use of a new deck with a rear yard setback of 23.1 feet in lieu of the required 25.0 feet, all on property commonly known as 87 Somerset Circle. On the site plan, the stairs are shown with a setback of 22.5 feet, however these are allowed to encroach into the required setback. The southern portion of the deck is shown with a setback of 23.1 feet, and the northern portion of the deck is shown with a setback of 23.75 feet. Since the new deck is proposed on an angle to the rear property line, only a small percentage of the deck is encroaching into the required setback. Please see the red shaded areas on the site plan for reference.

Besides the requested rear yard setback variation, the new deck is fully code compliant with the bulk regulations of Article 14.2 of the Wheaton Zoning Ordinance.

### **Administrative Variation**

This request meets the threshold for an administrative variation per the requirements of Article 5.7A of the Wheaton Zoning Ordinance. The applicant initially pursued this option, but since one of her adjacent neighbors was unwilling to sign off on the request, she was left with three options: make the new deck code compliant, seek a non-administrative variation, or forgo the project. After considering her options, the applicant decided to pursue a non-administrative variation.

### **Variation Evidence Standards**

According to Article 5.7 of the Wheaton Zoning Ordinance, the applicant must provide sufficient evidence at the public hearing that the following variation evidence standards will be met:

1. The particular physical surroundings shape or topographical condition of the property involved prevents compliance with the strict application of the regulations of the zoning ordinance rather than causing a mere inconvenience if there is compliance with the strict application of the regulations of the zoning ordinance.
2. The purpose of the variation is not based primarily upon a desire to enhance the monetary value of the property.
3. The alleged practical difficulty or particular hardship has not been created by any person presently having any interest, whether financial, beneficial, legal, or other, in the property or by the applicant.
4. The granting of the variation will not be detrimental to the public welfare, injurious, in any way whether economic, aesthetic or otherwise, to other property or improvements in the neighborhood or inconsistent with the general character of the area or neighborhood.
5. The proposed variation will not:
  - a. impair an adequate supply of light and air to adjacent property;

- b. substantially increase the hazard from fire or other dangers to the property or adjacent property;
  - c. otherwise impair the public health, safety or general welfare;
  - d. diminish or impair property values within the neighborhood;
  - e. unduly increase traffic congestion in the public streets and highways;
  - f. create a nuisance;
  - g. result in an increase in public expenditure.
6. A denial of the requested variation would potentially allow for the creation of a more adverse or unintended use, improvement, or consequence because the regulations of the Zoning Ordinance would allow alternative construction which would potentially have a more negative impact on the character of the neighborhood than the construction of the improvement pursuant to the requested variation.
  7. The variation is the minimum variation that will make possible the reasonable use of the land, building or structure.
  8. In the case of an existing Planned Unit Development, the granting of the variation will not significantly compromise the character and concept of the planned unit development.
  9. The property in question cannot yield a reasonable return if permitted to be used only under the conditions allowed by the regulations in that zoning district.
  10. That denial of the variation would unreasonably deprive the property owner of the use and enjoyment of the property.

#### **STAFF RECOMMENDATION**

Given that the lot is pie-shaped and that only a small percentage of the deck is encroaching into the required setback, staff is supportive of the rear yard setback variation. Provided that the applicant sufficiently addresses the variation evidence standards at the public hearing, staff would recommend approval of the rear yard setback variation as proposed.

Respectfully submitted,

Tracy L. Jones, AICP  
Staff Planner

## **Narrative Statement**

This document is presented to respond to Section C "Variation Standards" as to Variation Evidence questions 1 to 10.

The following are the listed responses to each question.

1. The lot is not in a uniform shape; therefore, a setback of 2.50 feet (22.50 feet from the rear property line) is needed.
2. The purpose the proposed variation, is not upon a desire to enhance the monetary value of the property but is to extend needed deck space.
3. The hardship has not been created by any person presently having any interest, whether financial, beneficial, legal or other, in the property or by applicant.
4. The proposed variation will not be detrimental to the public welfare, injurious, in any way whether economic, aesthetic or otherwise, to other property or improvements in the neighborhood or inconsistent with the general character of the area or neighborhood.
5.
  - a. The proposed variation will not impair an adequate supply of light and air to adjacent properties.
  - b. The proposed variation will not increase the hazard from fire or other dangers to the property or adjacent properties.
  - c. The proposed variation will not impair the public health, safety or general welfare.
  - d. The proposed variation will not diminish or impair property values within the neighborhood.
  - e. The proposed variation will not increase traffic congestion in the public streets and highways.
  - f. The proposed variation will not create a nuisance.
  - g. The proposed variation will not result in an increase in public expenditure.
6. Denial of the proposed variation would not allow for the creation of a more adverse or unintentional use, improvement, or consequence.

7. The proposed setback is the minimum variation that will make it possible for the reasonable use of the land, building or structure and building the new deck.
8. The proposed variation will not compromise the character and concept of the planned unit development.
9. Denial of the proposed variation would restrict reasonable use of one's private property.
10. Denial of the proposed variation would unreasonably deprive us of the use and enjoyment of the property.

Description of Variation: The unusual shape and characteristics of our lot prevent using it in compliance with  
the current zoning ordinance. The impact creates an undue hardship and therefore requesting a variance to  
encroach the setback by 5 feet (20 feet from the rear property line) to build a new deck. The proposed variation

## MEMORANDUM

**TO:** The Honorable Mayor and City Council  
**FROM:** Farin Azim, Traffic Engineer  
**DATE:** February 2, 2026  
**SUBJECT:** **City Code Amendment to Chapter 70 Traffic and Vehicles**

### Request

Adopt a City Code Amendment to Chapter 70 Traffic and Vehicles. Staff is recommending the approval of this Ordinance as a temporary measure as revised MUTCD signage warrants have been recently met.

### Background

The City of Wheaton Engineering Department has received multiple requests to investigate the intersection of Harrison Avenue and Washington Street due to the number of traffic accidents occurring at this location. The number of accidents have been: 2 in 2022, 3 in 2023, 5 in 2024, 4 in 2025, and 1 so far in 2026. The City acknowledges the elevated number of reported crashes and is actively working toward identifying and implementing a long-term solution to address the safety concerns at the intersection.

In the interim, the City recognizes the need to take temporary measures to improve safety until a permanent solution can be implemented.

Currently, Harrison Avenue operates as the through street with no traffic control devices in place, while Washington Street is controlled by stop signs for northbound and southbound traffic. As an interim safety measure, since the intersection has met the warrants for an all-way stop control, the Director of Engineering is recommending that the City install stop signs on Harrison Avenue to create all-way stop control at the intersection.

To implement and enforce this change, an amendment to Traffic Schedule IV is required.

### Recommendation

An ordinance revising Schedule IV of the City of Wheaton Official Motor Vehicle and Traffic Schedules is attached. City staff recommends adoption of the ordinance as submitted. Normally the City provides two readings to give notice to residents about ordinance changes, however in this case Staff recommends adopting the ordinance in one reading given the current situation.

FOR THE CITY OF WHEATON – HARRISON AVENUE AND WASHINGTON STREET**

**BE IT ORDAINED** by the Mayor and City Council of the City of Wheaton, Illinois as follows:

**SECTION 1.** That the Official Motor Vehicle and Traffic Schedule IV. Through Streets, as referred to in Section 70-306 of the Wheaton City Code, is hereby amended as such:

Amending subparagraph (4) as follows:

- (4) *Harrison Avenue*, except where it intersects with:
- (a) *Gary Avenue/Ellis Avenue, West Street, President Street, and Washington Street* at which intersections all traffic shall come to a full stop.
  - (b) *College Avenue*, at which intersection all traffic on Harrison Street shall come to a full stop.
  - (c) *Main Street*, at which intersection all traffic shall be controlled by traffic control signals.

**SECTION 2.** In all other respects, the terms and provisions of the Wheaton City Code are ratified and remain in full force and effect.

**SECTION 3.** All ordinances or parts of ordinances in conflict with these provisions are hereby repealed.

**SECTION 4.** In the event that any section, clause, provision, or part of this ordinance shall be found and determined to be invalid by a court of competent jurisdiction, all valid parts that are severable from the invalid parts shall remain in full force and effect.

## MEMORANDUM

**TO:** The Honorable Mayor and City Council  
**FROM:** Joseph E. Tebrugge, Director of Engineering  
**DATE:** February 2, 2026  
**SUBJECT:** **City Code Chapter 70 - Traffic and Vehicles update with corresponding updates to Motor Vehicle and Traffic Schedules VI and VIII - First Reading**

### Request

Adopt City Code Amendments to Chapter 70 - Traffic and Vehicles as well as amendments to Motor Vehicle and Traffic Schedules VI and VIII.

### Background

**Blue Dot Adjustments** - As the new Blue Dot parking signage has been installed throughout the downtown, staff identified several necessary updates to the Traffic Schedules. The attached revisions correct minor typographical errors, address inadvertent exclusions, and modify signage to properly implement the Blue Dot Program. In addition, two areas are being added or revised within the program: Carlton Avenue immediately north of Roosevelt Road, and Bridge Street immediately north of Liberty Drive.

**Faywell Contractor Parking** – Staff has received multiple complaints regarding construction workers parking in the four-hour on-street parking zones surrounding the Faywell construction site. Early in the project, the City made parking spaces available to the general contractor in Lot 9 for construction worker use. Despite this accommodation, workers continue to park in the four-hour on-street spaces adjacent to the site.

Enforcement has proven challenging, as vehicles are often moved during the lunch hour. More recently, staff met with the general contractor and requested that construction workers refrain from using the four-hour parking spaces. The contractor indicated that they are unable to control where individual workers park. In response, staff recommends a temporary (18-month) modification to parking restrictions in the affected area by establishing two-hour parking. This change will increase turnover, discourage long-term construction worker parking, and provide more effective enforcement by allowing citations to be issued more frequently, thereby incentivizing use of Lot 9.

Notice of the proposed parking restriction change was sent to 81 properties within the affected area (see attached notice and map). To date, staff has received three comments, most of which acknowledge the need for the temporary change.

**Specific Changes** - The proposed changes above result in requested revisions to City Code Chapter 70, Division 4 – Blue Dot Parking as well as the following traffic schedules attached as Exhibit 1 and Exhibit 2 respectively.

## NOTICE

### Changes to On-Street Parking Time Limits Being Considered

Dear Resident/Business:

Please be advised that changes to the public on-street parking time limits near your property will be considered at an upcoming Wheaton City Council Meeting.

The proposed changes will amend *Traffic Schedule VIII. Parking Time (non-metered) limited on certain streets and off-street locations* (Section 70-354(e) of the Wheaton City Code). If amended, 4-hour parking will be reduced to 2-hour street parking on the following streets:

Willow Avenue: From West Street to Hale Avenue and Main Street to Cross Street

Wheaton Avenue: from Liberty Drive to Indiana Street

Hale Avenue: from Liberty Drive to Indiana Street

Illinois Street: from West Street to Naperville Road

Customer Only Parking and Blue Dot Permit spaces in this area will be unaffected.

The proposed changes will be considered at the February 2, 2026 City Council Meeting.

The above changes are proposed in an effort to better manage parking availability in the area. Ongoing construction parking in the area has limited the availability of parking for other users. The goal of reducing the time limit is to increase turnover, increasing the availability of spaces, while encouraging construction parking in alternative locations.
