City Manager Dzugan stated City staff and the City's municipal finance advisor found it beneficial to summarize the process the council considered when reviewing options to address unfunded pension liabilities.

Councilman Barbier stated historically low interest rates make this bond attractive. He explained dispersing this bond amount over 12 months helps to mitigate the risk due to market timing. Councilman Barbier stated the police and fire personnel signed a contract with the City of Wheaton and this bond offering ensures the City fulfills its end of the contract. He expressed his support.

Councilwoman Fitch stated she will be voting no to this agenda item, as well as the next two items relating to the issuance of pension obligation bonds. She believes City staff and the consultants proposed better alternatives for achieving 100% funding of the City's police and fire pension plans while realizing significant cost savings for our taxpayers.

7. Pass Ordinance No. O-2021-43, An Ordinance Providing for the Issuance of Not to Exceed \$54,000,000 Taxable General Obligation Bonds, Series 2021, of the City of Wheaton, DuPage County, Illinois, for the Purpose of Funding all or a Portion of the Unfunded Liability of Said City's Police and Firefighters' Pension Funds, a Budget Stabilization Fund for Such Unfunded Liability, the Levy and Collection of a Direct Annual Tax for the Payment of the Principal of and Interest on Said Bonds and Authorizing the Sale of Said Bonds to the Purchasers Thereof

Councilman Barbier moved and Councilman Brown seconded that Ordinance No. O-2021-43, An Ordinance Providing for the Issuance of Not to Exceed \$54,000,000 Taxable General Obligation Bonds, Series 2021, of the City of Wheaton, DuPage County, Illinois, for the Purpose of Funding all or a Portion of the Unfunded Liability of Said City's Police and Firefighters' Pension Funds, a Budget Stabilization Fund for Such Unfunded Liability, the Levy and Collection of a Direct Annual Tax for the Payment of the Principal of and Interest on Said Bonds and Authorizing the Sale of Said Bonds to the Purchasers Thereof, be passed.

City Manager Dzugan stated the bond ordinance initiates the purchase of an amount not to exceed \$54,000,000 in bonds to cover unfunded pension liabilities. He explained most recent calculations show unfunded liabilities of approximately \$48,000,000. Once Council approves the ordinance, two underwriting companies will negotiate the sale of the bonds within the parameters set forth by the ordinance with no further action from Council. He confirmed the bonds will not be sold unless two of the designated officials sign the documents per Section 14 of the ordinance.

Councilwoman Bray-Parker stated that the 12-month flexibility of investment and the parameters makes this the best way to proceed. In response to Councilwoman Bray-Parker, Finance Director Lehnhardt stated the \$46.8 million bond issue is lower than the \$52.9 million estimate used in our analyses due to the June 30, 2021 market value of the assets of the pension plans being higher than the December 2020 market value of the pension plan assets, which reduces the total unfunded liabilities of the pension plans. He stated the City will do a true-up cost using the market value of the pension plan assets as of August 31, 2021. He stated the intent is to issue a bond amount as close to 100% of the unfunded liability.

Councilwoman Bray-Parker inquired how the public will be made aware of this process. City Manager Dzugan stated that the resolution will be used to explain the actions of the Council through various media channels.

Mayor Suess emphasized the importance of the City taking steps to fully fund pension funds for Police and Fire. He confirmed the City has always made the required contributions to its pension plans but is still \$48,000,000 short due to the funding formula laid out by the state of Illinois.

City Manager Dzugan stated the Liquor Control Commission recommended the code amendment allowing existing Class A, B or I license holders to apply for a Class G license to cater food and/or alcohol at an offsite location.

Councilwoman Fitch inquired who benefits from passing this text amendment. Director of Planning & Economic Development Kozik explained the amendment will accommodate anyone who uses a local restaurant for catering events, and primarily addresses the proposed new business, Moment on Main. Director Kozik confirmed the caterer providing the services would hold the license and therefore the venue would not require a separate liquor license.

City Attorney Jim Knippen stated the primary accountability would fall on the caterer as the license holder. In the event of a violation, Attorney Knippen explained each individual incident would need to be reviewed. Attorney Knippen confirmed staff of the caterer or restaurant must serve the alcohol, not the staff of the property owner.
