

PROCLAMATION

Whereas, an excellent education system both public and private is vital to our community, and school board members both elected and appointed serve as the advocates for educational excellence for our community's children; and

Whereas, school board members, both elected and appointed are charged with putting the interests of educational excellence first while remaining mindful of their fiscal responsibility to the community; and

Whereas, school board members create and maintain a vision and a mission for the schools in which they serve; and

Whereas, school board members, at all schools, are responsible for establishing clear and measurable goals for the common good of all its students; and

Whereas, the policies created by the school boards dictate the standards and philosophies by which the schools are run and the criteria used to judge whether they are being run successfully; and

Whereas, we should take time to recognize and appreciate the teachers, support employees and administrators that provide quality education to our students and who continue to go above and beyond their normal duties by providing safe learning environments and who continually ensure every student has the tools they need to reach their full potential; and

Whereas, administrators, support employees, teachers and parents are role models, mentors, motivators, listeners, encouragers, caregivers, and coaches who significantly impact the lives of our students.

Now, Therefore, the City of Wheaton, encourages all members of our community to join in expressing appreciation to all who provide and support the educational services as a way to honor those citizens who devote so much of their time and energy for the education of our children.

DATED this 15th day of November 2021.
