**WHEREAS**, the parties hereto wish to memorialize the terms upon which the loan of equipment among them will be governed; and

**WHEREAS**, this Agreement is authorized pursuant to the provisions of the Intergovernmental Cooperation Act, 5 ILCS 220/1 et seq.; and

**WHEREAS**, the purpose of this Agreement is consistent with the goals of the Intergovernmental Cooperation clause of the Constitution of the State of Illinois (Article VII, Section 10) and is further authorized by 5 ILCS 220/1 et seq.

**NOW, THEREFORE**, in consideration of the mutual promises set forth herein and for good and valuable other consideration provided by each party to this Agreement to each other party to this Agreement, the receipt and sufficiency of which is acknowledged by each party hereto.

The parties agree as follows:

**I. AGREEMENT OF THE PARTIES**

- A. The parties agree that, unless otherwise agreed in writing, this Agreement shall govern the terms and conditions upon which a party lends equipment or operating personnel to another party. Nothing in this Agreement shall require or obligate any party to lend any equipment or operating personnel to any other party and nothing herein shall prevent any party from refusing to lend equipment to any other party or to in any way adversely affect any party's right to reclaim possession of any of its equipment from any other party. This Agreement shall, however, govern the terms upon which any property of any party currently in its possession of any other party shall be held and shall further govern the terms upon which any property of one party shall hereafter be lent to or borrowed by any other party. For purposes of this Agreement, a loan of equipment shall occur any time a party with the consent of its Fire Chief places any of its equipment in the possession of any other party ("the borrower") with the consent of the borrowing party's Fire Chief. This Agreement shall also cover the terms upon which operating personnel currently or hereafter provided by a lending party to operate loaned equipment shall hereafter be governed.

**INTERGOVERNMENTAL AGREEMENT FOR**  
**EQUIPMENT/PERSONNEL SHARING**

- B. When borrowing from any other party to this Agreement, equipment or operating personnel as are needed by the borrowing party and not then being used or otherwise committed by the lending party, the borrowing party must notify and obtain approval from the Fire Chiefs of the lending party and the borrowing party prior to taking possession of such loaned equipment or utilizing loaned operating personnel. Such notice and approval must be in writing.
- C. Loaned operating personnel and loaned equipment provided pursuant to this Agreement shall be at no charge to the borrowing party unless other mutually acceptable arrangements have been agreed upon in writing between the parties.
- D. The borrowing party shall return the loaned equipment promptly after use or upon demand by the lending party and in the same condition as when it was borrowed, except for ordinary wear and tear.
- E. The borrowing party represents that only capable, experienced and qualified personnel will operate and use the loaned equipment. If the borrowing party does not have personnel capable, experienced and qualified to operate and use the loaned equipment, the lending party may provide its loaned operating personnel, if available, to assist the borrowing party in the operation and use of the loaned equipment. Operating personnel dispatched by the lending party to assist the borrowing party in the use or operation of the loaned equipment shall, in all respects and at all times, remain employees of the lending party and shall at all times remain under the direct supervision and control of the lending party.

**II. INSURANCE**

- A. Damage to Loaned Vehicles. Each party borrowing a loaned vehicle shall be responsible to the lending party against any loss or damage to the loaned vehicle, occasioned by the negligent, intentional, willful and wanton conduct, of the borrowing party, its operator or employees. If a third party bears liability for the damage or loss to a loaned vehicle, the borrowing party shall only be liable for its liability as apportioned against the third party. The lending party's insurance carrier shall have the right to subrogate its payments for the loss or damage to the lending party's fire fighting apparatus, ambulance or other motor vehicles, where the claim is occasioned by the negligent, intentional or willful or wanton conduct of the borrowing party, its operators or employees.
- B. Automobile Liability. Each party agrees to carry liability insurance on all loaned equipment with policy limits in the minimum of \$10,000,000 combined single limit per accident for bodily injury and property damage which shall protect both the lending and the borrowing parties, their agents and employees against claims of liability for personal injury or property damage occasioned in connection with the use of borrowed equipment or operators. - C. General Liability. In addition to the coverages set forth in Section II (B) above, each party agrees to carry general liability insurance with limits of \$10,000,000 combined single limit per occurrence for property damage and personal injury. Each borrowing party agrees to indemnify each lending party against losses (including cost of defense) incurred by the lending party as a result of claims made against the lending party for liability to third parties for personal injury or property damage in any way associated with the use of loaned equipment.
- D. Worker's Compensation. Each party shall be responsible for workers' compensation claims made by their employees. Accordingly, all workers' compensation claims made by a party's employee shall be charged solely and exclusively to that party's carrier regardless of whether that employee is working in the capacity of loaned operating personnel.

Each borrowing party agrees to indemnify the lending party for any damage occasioned to the lending party's portable property while in the possession of the borrowing party provided that such indemnity is limited to the deductible or self-insured retention associated with the lending party's insurance coverage.
- F. Evidence of Insurers' Consent to this Agreement. Each party shall provide evidence that its liability, comprehensive auto and portable property insurers cover the undertakings of the agreement as an insured contract on the policies issued to it, or have otherwise consented to the indemnification provisions and the waiver of subrogation provisions set forth herein and that such provisions will not limit or adversely affect the coverage provided by such insurer.

**III. SEVERABILITY**

The invalidity of any provision of this Agreement shall not impair the validity of any other provision. If any provision of this Agreement is determined by a court of competent jurisdiction to be unenforceable, that provision will be deemed severable and the Agreement may be enforced with that provision severed or as modified by the court.

**VI. TERMINATION**

Any party may terminate this Agreement, provided, however, that the party desiring to terminate this Agreement shall give thirty (30) days prior written notice to all other parties to this Agreement.

**VII. NOTICES**

All notices required pursuant to this Agreement shall be in writing and must be served either personally or by registered mail to such person which any party hereto designates for notice to it from the other parties hereto.
