Background: The city's decision to contract for the above service is based on the following:

- The Public Work's Forestry Department maintains all city trees inclusive of pruning.
- Parkway tree pruning improves tree structure, increases resident satisfaction, enhances tree vigor, increases aesthetic appeal, reduces wind damage, provides adequate clearance, and maintains safe conditions in the right-of-way.
- Young trees must be pruned more frequently.
- A seven year pruning cycle has been implemented which requires both in house crews and contractual services.
- The contracted pruning services are required to meet service levels.
- Hinsdale publicly solicited and awarded pruning services in 2015.
- Their contractor, Trees "R" Us, has agreed to honor the pricing and terms of the Hinsdale contract.
