Wheaton Named Top Place to Live

The City of Wheaton earned high praise from Money Magazine in its 2018 Best Places to Live rankings, earning the #1 spot in Illinois and #27 in the nation. Among the features highlighted in Money Magazine were the authentic character of the downtown, outstanding schools, and community events.

Streetscape Project Moving from Front Street to Hale & Wesley

Crews this month are nearing a significant milestone in the Downtown Streetscape Project: completion of Phase 1.

Front Street from Cross Street to West Street received significant underground utility work upgrades in fall 2017, including replacing water main and sanitary sewer pipes dating back many decades.

Now, above-ground improvements are near completion. The finishing touches are going into the brand new Martin Memorial Plaza on Front Street, just west of Main Street. The plaza has been reconfigured with community gathering spaces, an outdoor fireplace and a water feature. Wider sidewalks allow for more outdoor

Some of the improvements you will now see on Front Street are wider sidewalks with room for outdoor dining and gathering; permeable brick pavers; and new trees with room underground for roots to flourish.

dining opportunities, and permeable pavers surround new trees planted to give maximum space for growth. Also incorporated into this part of the project are new directional and wayfinding signs directing visitors to parking, attractions, parks and more.

As Phase 1 concludes, crews are following suit with the

same process for Phase 2, with underground utility work happening this fall, and above-ground work beginning in the spring of 2019. The Phase 2 work area includes Wesley Street between Wheaton Avenue and Cross Street, as well as on Hale Street between Front Street and Seminary Avenue.

Vacancies on City Commissions

The City of Wheaton is looking for volunteer residents to serve on local boards and commissions. Vacancies are available on the following commissions: Bicycle Advisory, Community Relations, Environmental Improvement, Historic, Housing Commission & Sister City. Visit www.wheaton.il.us/commissions for more information and for an application.

Help Keep Storm Sewers Clear

Do not blow or rake leaves into the street. This can block storm sewers and possibly lead to flooding issues. Please help remove leaves and sticks near the storm sewers that are near your house to help them function properly.

Note that burning leaves, tree trimmings, brush and related materials is a violation of City Code.

Leaf Collection Reminders

This fall, the City of Wheaton reminds you of its procedures for leaf disposal. Place leaves in containers 35 gallons in size or smaller, or in biodegradable bags. Containers or bags must weigh less than 50 pounds when filled. Each container or bag requires a Lakeshore Recycling Systems yard waste/organics/excess garbage sticker, which is available at City Hall and at many local grocery and hardware stores.

The City of Wheaton seeks applicants for a Maintenance Worker position in the Public Works Department and for part-time seasonal school crossing guards. Read more about these positions and find out how to apply at www.wheaton.il.us/jobs.

Above-ground work will also take place on Hale Street to Liberty Drive.

The underground utility work is currently underway and will wrap up this fall. Work is being done in stages of a few blocks at a time. The work will involve installing underground pipes in trenches, which will require traffic control. The contractor will work to maintain a lane of traffic during construction, but some detours will occur as needed.

Crews will be onsite, in general, Monday

through Friday from 7 a.m. until 4 p.m. with some days extending longer. Occasional Saturday work may be required. Additionally, street parking in the work zone area will be inaccessible during the daytime during construction. The contractor will reopen spaces at the end of the day wherever possible.

Free parking is always available in the Wheaton Place Garage, 232 W Wesley Street, and Willow Avenue Garage, 220 S Cross Street. For more information on downtown parking, visit www.wheaton.il.us/parking.

Underground work is happening on Wesley Street as part of the next phase of improvements.

Reminder: New Neighborhood Speed Limit

Police are enforcing reduced neighborhood speed limit

The City would like to remind drivers that a new speed limit is in place for neighborhood streets, and Wheaton Police are now enforcing the speed limit, which is posted on neighborhood street signs throughout the community.

On July 16, 2018, the Wheaton City Council voted to lower the speed limit for City of Wheaton residential neighborhoods from 30 mph to 25 mph to improve safety for the community. The City Council explored the process of lowering the speed limit based on a traffic study conducted

by the engineering firm Kenin, Lindgren, O'Hara, Aboona, Inc. (KLOA). The change became effective Aug. 1.

While 25 mph is the speed limit for the majority of residential streets, there are some streets considered major

collector and arterial streets, where traffic volumes exceed 6,000 cars per day. These streets serve as major access routes to and from Wheaton, and they maintained their previous speed limit.

Streets maintaining a speed limit of 30 mph:

- Main Street north of Seminary
- President Street
- Blanchard Street south of Roosevelt
- West Street south of Willow
- Warrenville Road south of Roosevelt
- Wiesbrook Road
- Orchard Road south of Wiesbrook
- Manchester Road
- East Loop Road
- West Loop Road
- Leask Lane
- 22nd Street
- Lorraine Road south of Roosevelt

Streets maintaining a speed limit of 35 mph:

- Gary Avenue north of Harrison
- Shaffner Road
