## Important Snow Reminders

*No on-street parking allowed after 2 inches of snow*

**A**s the snowy season continues, the City of Wheaton has a few reminders that will help crews to clear Wheaton streets efficiently and minimize safety hazards.

Please do not shovel, plow or blow snow into the roadway or into the parkway across the street. Snow that piles up in the street is a nuisance to other property owners, creates narrow traffic lanes, and produces safety hazards for drivers. It also can cause plows to hit the curb, which can damage the curb. For these reasons, pushing snow into the street or the opposite parkway violates City Code. Please help keep our streets safe by adhering to this ordinance. Violations yield a minimum fine of \$100 per day. If you use

a snow removal service, please inform crews of this ordinance.

You can also help by keeping fire hydrants

clear of snow and by removing obstructions – such as portable basketball hoops or decorative boulders – that are within 5 feet of the street. Please check your mailbox to make sure it's not leaning into the roadway and obstructing snow plows.

Also, please remember that after 2 inches of accumulated snowfall, parking is prohibited on

any street for 24 hours or until streets have been cleared.

Significant snow and ice events can create other hazards as well. Look for broken tree limbs and branches, or tree limbs leaning near power lines. Also be aware of overhanging

ice that could fall from buildings and cause injury or damage.

Finally, please clear snow from sidewalks near your home or business. Keeping sidewalks clear, especially near intersections, is very helpful for children walking to school or their bus stops and other neighbors who use the

sidewalks.

## Fire Safety Tips to Help Keep the Wreath Red

**T**his holiday season, the Wheaton Fire Department will decorate Wheaton's three fire stations with wreaths that have a special significance. The wreaths are part of the Keep the Wreath Red fire safety campaign, a statewide program that reminds you to practice fire safety during the holiday season.

The wreaths feature red lights, and for each Wheaton fire caused by holiday decorations, the Fire Department will replace one red bulb with a white bulb.

Help the Fire Department Keep the Wreath Red by unplugging holiday lights before leaving home or sleeping, being careful with candles, using flame-retardant decorations, ensuring lights are in good condition and Underwriters Laboratories (UL) listed, and keeping trees watered.

## Police Offer Tips to Avoid Scams & Stay Safe during the Holidays

*Beware of requests to be paid by gift cards*

**A**s the holiday season brings a flurry of shopping and travel, the Wheaton Police Department encourages you to take extra safety precautions and be on the lookout for an anticipated rise in scam attempts. Here are some safety suggestions and red flags that will help you identify scams during the holidays.

### **Beware of Scams:**

- You cannot pay bail, a lawyer, the IRS, or tech support using retail gift cards. If someone demands to be paid with a gift card, it's a scam.
- Never give gift card numbers on the back of gift cards to someone you don't know.
- Taxpayers should remember their first contact with the IRS will never be a call from out of the blue, but through official mail. A big red flag for these scams is angry, threatening calls from people who say they are the IRS, urging immediate payment.
- If someone who sounds like a loved one calls you claiming to be in trouble and demands payment, hang up the phone and call your loved

one's cell phone.

- In general, it's a good idea to ignore phone calls if you don't recognize the number. If it's someone you know, they will leave a voicemail or send you a text.

- Scammers often train their victims to give false information to retail clerks when clerks ask questions about large gift card purchases. If a retail clerk warns you that you may be the victim of a gift card scam, heed the advice of the cashiers and call your loved one, or call law enforcement officials.

### **Home Safety Tips for the Holidays:**

Vacation House Watch is a police service that helps protect unoccupied homes while Wheaton residents are away on

business or travel. Police will inspect homes periodically to help ensure their security. You can enroll online through the City's website at [www.wheaton.il.us/VacationHouseWatch](http://www.wheaton.il.us/VacationHouseWatch).

Please note that requests may only be made by the homeowner. If your plans change and you will be returning sooner or later than the dates originally stated, please call the Wheaton Police Department at 630-260-2161 as soon as possible.

Do not use the vacation house watch program if someone is going to be at the home caring for pets, plants, etc. This program is also not for if the house is vacant due to being for sale or other circumstances.

## ComEd Trimming Trees in Some Areas

ComEd will be trimming trees near some Wheaton electric lines in December. This is a key component of ComEd's maintenance program to ensure system electrical reliability, as vegetation contact with ComEd

equipment is a leading cause of outages.

Affected customers and property owners received a notice of the upcoming work. To assist in preventing outages, ComEd sometimes needs to significantly trim or remove trees near

power lines. Qualified line-clearance workers contracted by ComEd will be performing the tree pruning work.
