
Memorandum

To: Honorable Mayor and City Council
From: Linda Styczen, Procurement Officer
Date: April 3, 2017
Subject: Recommendation for 2017 Road, Sewer, and Water Rehabilitation

Background

The City issued an Invitation to Bid for 2017 Road, Sewer, and Water Rehabilitation (road program). Every year, the City selects certain roads within the community for resurfacing, rehabilitation or reconstruction based on the Engineering Department's Five-Year Annual Road Improvement Program. The current annual road program has streets scheduled for resurfacing or rehabilitation approximately every 15 to 18 years based on the current level of funding for the program. The City is required to use Illinois Department of Transportation procurement and contracting provisions due to a portion of the road program being funded by Motor Fuel Tax funds.

Results

Three bids were received. Engineering staff reviewed the bids received and determined that the bids are compliant with the project specifications.
