

## City of Wheaton Decorative Driveway Reimbursement Form

If your decorative driveway was disturbed in the City's right of way due to a City of Wheaton project or emergency repair, the City of Wheaton will restore the disturbed area with asphalt upon completion of the project. However, if you would like to restore your decorative driveway to its previous condition, you are responsible for the full cost of said restoration at your own expense. This includes obtaining necessary permits, hiring a qualified contractor, and purchasing materials. The City may, at its discretion, offer partial reimbursement for the cost of restoring the disturbed portion of your driveway at an amount equivalent to restoring the disturbed area with asphalt by the City. The Director of Public Works or Director of Engineering will determine the reimbursable amount based on the City's cost to repair the area with standard asphalt.

If you wish to be considered for reimbursement, please complete this form and send it to the City of Wheaton Public Works Department.
