THE DUPAGE COUNTY HISTORICAL SOCIETY

Winter 2000

## President Tipitino's Millennium Message

### Let Us Celebrate Both Past and Future

The Twentieth Century is drawing to a close and the new millennium is upon us. Understandably, many have focused on the future and what it may hold. My hope is that The DuPage County Historical Society will enter this new era with eyes on both the past and the future. The Society does not stand alone as it did in 1929. Today, DuPage County is home to a large number of active local historical societies and our Society's mission has evolved into that of providing encouragement for citizens to remember the past—our origins—our communal roots. Entering the Twenty-first Century we are a strong, vibrant, active Society in which the drive to preserve and remember our past has grown in strength and intensity as our communities have grown so let us celebrate the new millennium, look forward to what may come, and celebrate the vibrant and colorful past of DuPage County.

## Millennium Capsule All Set Committee Reports Excellent Response

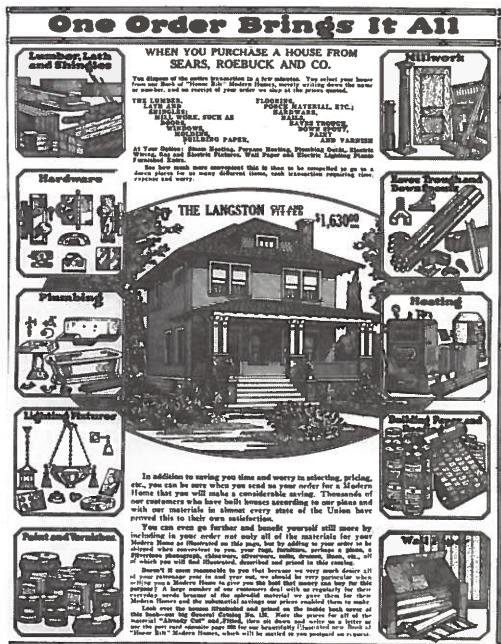

The Community History Committee reports that the Millennium Capsule is all set to be deeded to the Museum and go into storage until the year 2050. Some of the Capsule's contents were on display at the Museum in December and visitors were given an opportunity to add their thoughts about years past and their expectations for the future.

Virtually every community within the County has made a contribution to the Capsule including: *Collectors Plate, "Addison Centennial 1884-1984," Village of Addison/ Wooden replica of Bartlett train station. Description and brief history.* Bartlett Historical Society/ *Photo with timeline on back, "Timeline of Historic Randecker Hardware Store."* The Murphy Group/ *"Village of Carol Stream Village Street Map"* /Car Sticker, *"Village of Carol Stream"* / Paper, *"History of Darien"*. Chamber of Commerce//Brochure, *"Argonne National Laboratory"*/Pamphlet, *"Reaching Through Teaching"* College of DuPage/Brochure, *"DuPage County*
